NOMINATION, ASSESSMENT OF DIRECTORS AND DIVERSITY

The board of directors (the “Board”) believes that diversity is important to ensure that Board members provide the necessary range of perspectives, experience and expertise required to achieve effective stewardship of the Corporation. While all director appointments are based on merit, the Board expects that when selecting candidates to the Board for appointment, the Board will consider not only the skills, experience and expertise of a candidate, but also other factors, including gender, ethnicity, age, aboriginal status and geography to ensure that the Board is comprised of a diverse membership. The Board recognizes that gender diversity is a significant aspect of diversity and acknowledges the important role of women in contributing to diversity of perspective in the boardroom.

On October 21, 2019, the Board adopted the Board Diversity Policy (the “Diversity Policy”), which includes provisions relating to the identification and nomination of directors. The Diversity Policy provides that in discharging their responsibilities for director nominations, the Board considers candidates that are highly qualified based on their experience, education, expertise, personal qualities, general and sector specific knowledge and consider diversity among other relevant criteria, when determining the optimum composition and balance for the Board.

The Board has not established any specific targets with respect to female representation. Given the Board’s commitment to diversity, as well as the process in place to select candidates best suited to meet the needs of the Board, the Board does not believe that specific targets are necessary to achieve its diversity objectives at this time.

Currently, of the four independent directors (five total number of directors on the Board), one director is a woman. Therefore, if all of the director nominees are elected at the meeting there will be one woman on the Board, or 25% of the independent directors on the Board and 20% of the entire Board.

The Diversity Policy provides that the Board or committee of the Board will assess the effectiveness of the Board nomination process in achieving the Corporation’s diversity objectives on an annual basis. The Board has not adopted policies imposing an arbitrary term limit for its directors, as it does not believe such limits are in the best interests of the Corporation. Such limits fail to take into account the special characteristics of issuers, such as the Corporation, that operates in a complex and heavily-regulated environment. In such a context, the Corporation believes that a lengthy Board tenure, not limited by arbitrary determinations is vital to the directors understanding of the business and to their bringing a substantive contribution to the Board. The Board or committee of the Board annually reviews the composition of the Board, including tenure of individual directors.

REMUNERATION OF DIRECTORS AND EXECUTIVE OFFICERS

None of the Fund’s officers received compensation from the Fund for acting in such capacity during the period ended December 31, 2021. The services of the 3 executive officers of the Fund are provided pursuant to the management agreement with Pembroke Private Wealth Management Ltd. (“PPW”), as described below, at the expense of PPW.

The aggregate cash remuneration paid to the independent directors of the Fund for their services in such capacity during the fiscal year ended 31st December, 2021 was \$83,500. Such remuneration includes an annual fee of \$15,000 each, the Chair of the Board \$5,000, the Chair of the Audit Committee \$2,500 and additional fees of \$1,000 for each attendance at meetings of the board or any committee of directors.

No director or officer of the Fund or any of their respective associates or affiliates is or has ever been indebted to the Fund at any time.

MANAGEMENT CONTRACTS

PPW of Montreal, Quebec, is a Canadian corporation owned by Pembroke Management Ltd. (“Pembroke”). PPW provides management and secretarial services to the Fund pursuant to an agreement effective 1st October, 1988, such agreement being for an initial term of 4 years which is automatically extended and maintained at such term unless either party to such agreement gives notice to prevent such extension.

PPW charges to the shareholders of the Fund a management fee for the services provided at a rate determined by PPW based on their assets under management. These management fees are paid directly to PPW by the redemption (without charge) of a sufficient number of shares of the Fund as would be necessary to pay such a management fee. The remuneration paid by the shareholders to PPW for the said services for the fiscal year ended 31st December, 2021 was \$3,016,515. The remuneration payable by the shareholders for such services to date for the fiscal year ending 31st December, 2022 amounts to approximately \$168,000.

PPW is wholly responsible for the payment of any investment counselling and portfolio management fees and in Canada pays direct advertising and other related marketing costs.

PPW has arranged to appoint Pembroke to provide investment counselling and portfolio management services with respect to the Fund's portfolio. The fee for this service will be paid for by PPW.

Pembroke has a consulting agreement with Ms. Caroline S. Miller since December 1, 2020 to assist Pembroke's Asset Allocation Committee which oversees several multi-asset class strategies managed by Pembroke. The remuneration paid by Pembroke in 2021 was \$22,000. This consulting agreement is active and ongoing.

The management agreement between the Fund and PPW and the investment counselling and portfolio management agreement between PPW and Pembroke are available for inspection at the head office of the Fund during normal business hours.
