

Pembroke Global Growth Pooled Fund

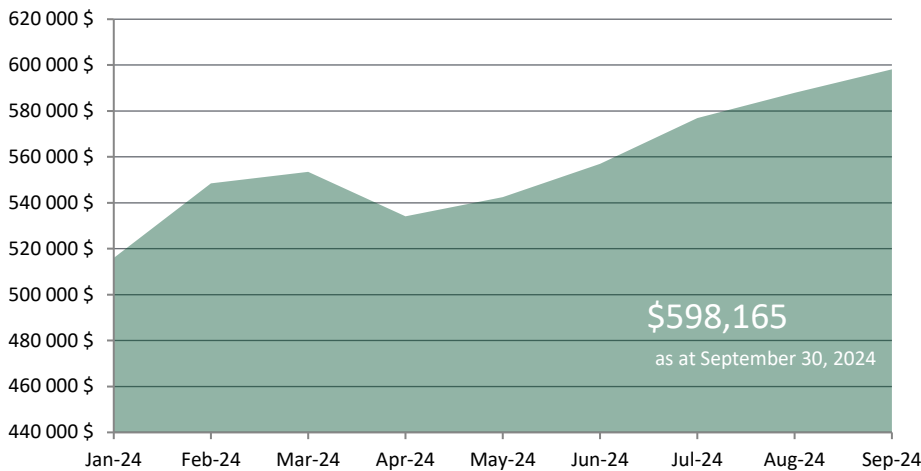

Investment Objective & Strategies

The Pembroke Global Growth Pooled Fund seeks to provide investors with long-term capital appreciation by investing in large and mid capitalization issuers located around the world and listed on recognized global exchanges that exhibit prospects for above average long-term earnings growth. The Fund may also invest in high grade short-term interest-bearing securities.

This Fund follows a bottom-up approach emphasizing company-specific analysis. The Fund's strategy involves principally investing in large and medium market capitalization publicly listed issuers having a market capitalization equal to or greater than \$10 billion. The Fund will generally hold positions in 30-60 different issuers and will be diversified across industry sectors and geographies. The Fund may also invest in high quality, short-term debt securities issued by the Government of Canada and Exchange Traded Funds (ETFs).
